INTRODUCTION

CONCEPT

We are all part of something bigger than ourselves – something much greater. We are all under the same sky, living, breathing and experiencing the same world.

We are one with nature and we grow together with nature. We take care of each other, we nurture each other. We grow together by looking after everything that brings us life. The water we drink, the air we breathe, the trees we plant. We are all connected to the life around us and are part of the growing process of nature.

We nurture, we protect, we plant. By helping plant 3 billion additional trees, we are all nature's champions.

WHY USE THIS TOOLKIT

These visual guidelines will aim at maintaining a consistent visual identity that will also assist you in supporting our campaign goals and ambitions throughout Europe. Use the visual guidelines for all your communications on the 3 Billion Trees Pledge, by applying and adapting your visual elements accordingly.

The communication toolkit contains the following elements:

- Editable social media visuals
- Social media cover banners
- Web banner
- PowerPoint template
- Word template

CAMPAIGN MAIN VISUAL

Under the European Green Deal, the EU biodiversity strategy for 2030 commits to planting **at least 3 billion additional trees in the EU by 2030**, while fully respecting ecological principles.

Plant and grow the right tree, in the right place and for the right purpose!

The different designs cover all four seasons (**spring, summer, autumn, winter**) and three planting areas: **forest, agroforestry** and **urban**.

Each visual consists of the human factor (a hand) and a tree growing together with it. It also includes the official campaign hashtag **#3BillionTrees**, the slogan with the EU emblem and the block-shaped title.

All visual assets can be downloaded [here](#).

CAMPAIGN SLOGAN

Maintain typeface (colour and font size) and text alignment. Between text and EU emblem, preserve the same distance as the space between the left star and blue background (Y).

Do not change the composition. Always place text bottom right.

For translations, edit and adjust slogan respecting the parameters.

EU EMBLEM

The EU emblem is used to show that this is an EU-wide campaign. It should always be prominently displayed. To ensure maximum visibility of the EU emblem, a minimum amount of space around the emblem must be kept free of any text. This space is determined by adding half an **X space** (height of the flag) at the bottom and a **Y space** (the distance from the edge of the star circle to the edge of the flag) on the right.

The colours of the EU emblem are **Pantone Reflex Blue** for the surface of the rectangle and **Pantone Yellow** for the stars.

For all materials, the emblem should always be positioned at the bottom right corner.

The guidelines are available [here](#).

TYPOGRAPHY

EC Square Sans Pro is the mandatory font across all the Commission's communication material. Therefore, we use EC Square as the main font for all material of this campaign.

The typeface should be **Arial** for all editable material (e.g. PowerPoint and Word template) especially for mobile and desktop browsers using Microsoft Office.

The background of the slide is a landscape photograph. It features rolling hills in the foreground and middle ground, with a bright, hazy sky above. The lighting suggests a sunrise or sunset, with a warm, golden glow. The hills are covered in green vegetation, and there are some small trees visible on the ridges. The overall atmosphere is serene and natural.

VISUAL TOOLKIT

EDITABLE SOCIAL MEDIA VISUAL TEMPLATES

For digital communication, use our editable social media visuals. Visuals in different formats for Facebook, Twitter, Instagram and LinkedIn are available in English. While the visual remains the same, text may change.
